OFFICIAL PUBLICATION OF THE CANADIAN ASSOCIATION OF WOODEN MONEY COLLECTORS

VOLUME 32

ISSUE 7

JULY 2006

C.A.W.M.C. ANNUAL GENERAL MEETING:

The Canadian Numismatic Association convention, in Niagara Falls, Canada, is now less than three weeks away. I hope everyone has made their accommodation arrangements and also their plans to attend our Canadian Association of Wooden Money Collectors (C.A.W.M.C.) annual, general meeting, always held at this convention.

On pages five and six of this newsletter, is reprinted the **PROGRAM OF EVENTS** for this convention. You will note that *our breakfast C.A.W.M.C. meeting* is scheduled for **8:00 a.m. on SUNDAY JULY 23rd**. The business portion of our meeting is always held following the breakfast. You **DO NOT** have to attend the breakfast in order to attend the business part of the general meeting. Join us following the breakfast, if you wish. Everyone is invited.

Our president, **Al Munro** will chair the meeting which, as always, will include many exciting things. Please read the description that is printed in the *Program of Events* (page 6). Many members issue *personal, souvenir 'woods'* specifically for this annual occasion and distribute them **freely** to all in attendance at the breakfast and/or just the business part of the meeting. Some of these personal woods will have one of the two obverse designs shown here which feature, of course the well-known majestic Niagara Falls itself or the nearby Butterfly Conservatory attraction. You will go home with, at least, many newly issued personal 'woods'.

As well, there will be several *door draws* and this year will see a *very large auction* take place. In this auction will be the remaining portion of the collections from the late *Ted Boxall* and *Jerry Remick*, as well as much other material. This auction should provide the opportunity to acquire many, many woods at very reasonable prices, as there will be thousands of woods for sale. Many of these woods are from *Ontario* and *Quebec* but there are also a *large number of official U.S.A. wood flats*. You can bet that there will many bargains to be had.

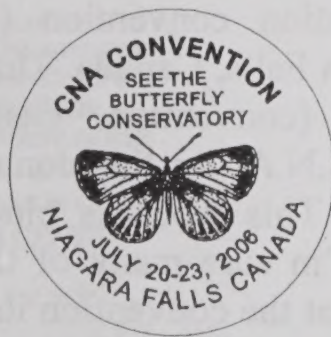

When "woodies" get together there is always good fellowship, fun and usually a lot of swapping to be done. I expect this occasion to be no exception. I'm told that C.A.W.M.C. will have a swap table made available to them within the foyer area so bring some of your spares along with you. I encourage you to attend. See you there.

“CONGRATULATIONS” GEORGE:

George Fraser, a long-time member of C.A.W.M.C., turned *95 years young* on May 26th, 2006. To recognize the occasion this wood was issued. The ‘cake’ side of the wood is red and the ‘95th’ side is blue in colour. I’m sure this wood can be obtained, from George, when you see him at the upcoming C.N.A. convention in ‘The Falls’. ‘Congratulations’, George.

FREE WOOD OF THE MONTH

This is the ‘fourth’ wood, in the series of woods promoting this month’s Canadian Numismatic Association convention (July 20th-23rd) in Niagara Falls, Canada. Thanks to John Regitko (convention General Chairman) and the C.N.A. for this donation to our membership. This wood is blue in colour, both sides. I’m sure many of these ‘woods’ will surface at the convention itself; probably in the Registration packages.

MY WOODEN NICKEL'S WORTH..... *by Lou Vesh*

In 1985, 20th Century Fox released a film titled "Romancing the Stone", starring Michael Douglas, Kathleen Turner, and Danny DeVito. The sequel to this movie was called, "The Jewel of the Nile", released in 1986. It was the title of this second film that inspired the wooden nickel shown at right. I simply changed "Nile" to "Pile". It's just a spoof, a novelty wood. The idea came to me several years ago and it was at that time that I purchased the "jewels" from a craft store, storing them all those years until March 2003. They are, of course, only acrylic, yet realistic enough to be effective. They are set into a shallow drilled hole and glued in to hold them fast. The "bump" or protruding portion of the jewel should be protected since it is only plastic and will probably damage easily.

It was not an easy project. Starting with a blank wood each nickel required a total of 12 steps to complete, including stamping *without* foil, stamping *with* foil, careful alignment, hand painting, as well as the drilling and gluing. With an end product quantity of 200 the total operations for the issue is 2,400. This has to be bordering on insanity! They were not issued because I deemed them to be too bizarre to be acceptable. They're well aged, having sat in storage for over 3 years. Now I have relented and decided I will let them go at the CNA 2006 in Niagara Falls. May the collectors forgive me for this blatant promotion of my own wood. See you there!

LARRY WHITE WOODS IN AUCTION:

C.A.W.M.C. member *Larry White* has painted two sets (5 woods in each set) of his personal, C.N.A. 2006 woods and offered them for auction at our C.A.W.M.C. general meeting to be held Sunday, July 23rd. All the woods are signed and all proceeds from their sale will go to C.A.W.M.C. One set has the design on the left and the other set the design on the right.

LIGHTHOUSE "WOODS" – PART II: Shown here is Part II of the two-part series of woods issued by the 'Penn/Ohio Wooden Money Collectors'. Part I was shown in the Nov. 2005 issue of 'Timber Talk'. This set of 25 woods includes many sites on the **Canadian** side of Lake Erie. The common reverse to all woods is shown at the right.

The set is available for \$15.00 U.S. postpaid from *Penn/Ohio Wooden Money Collectors 3925 N. Ridge E. #64 Ashtabula, Ohio, USA 44004*. I believe Set #1 is still available for the same price at the same address. The two sets total 50 woods.
